

The background is a vibrant, abstract composition of various geometric shapes. A large, central orange circle serves as the primary backdrop for the text. Surrounding it are numerous other shapes in yellow, blue, green, and grey, including circles of different sizes, a large blue irregular shape at the top, and a grey pill-shaped element on the right. Small black dots are scattered throughout the design, adding to the dynamic feel.

Allegro install

- Unzip Mini2
- Unzip Allegro
- Put them in a same dictionary!

Mini2 > TowerGame		
名稱	修改日期	類型
allegro	2020/2/10 下午 07:00	檔案資料夾
bin	2018/6/6 上午 12:12	檔案資料夾
BlackDragon	2018/6/6 上午 12:12	檔案資料夾
CaveMan	2018/6/6 上午 12:12	檔案資料夾

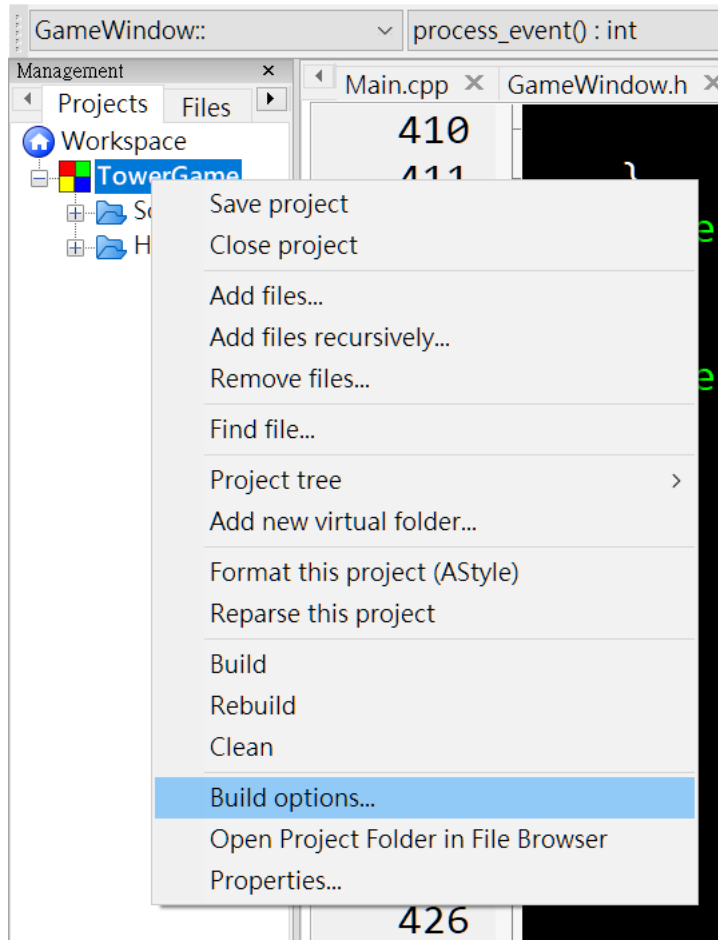

Allegro install

- Make sure your MinGW is the one you download with codeblocks!

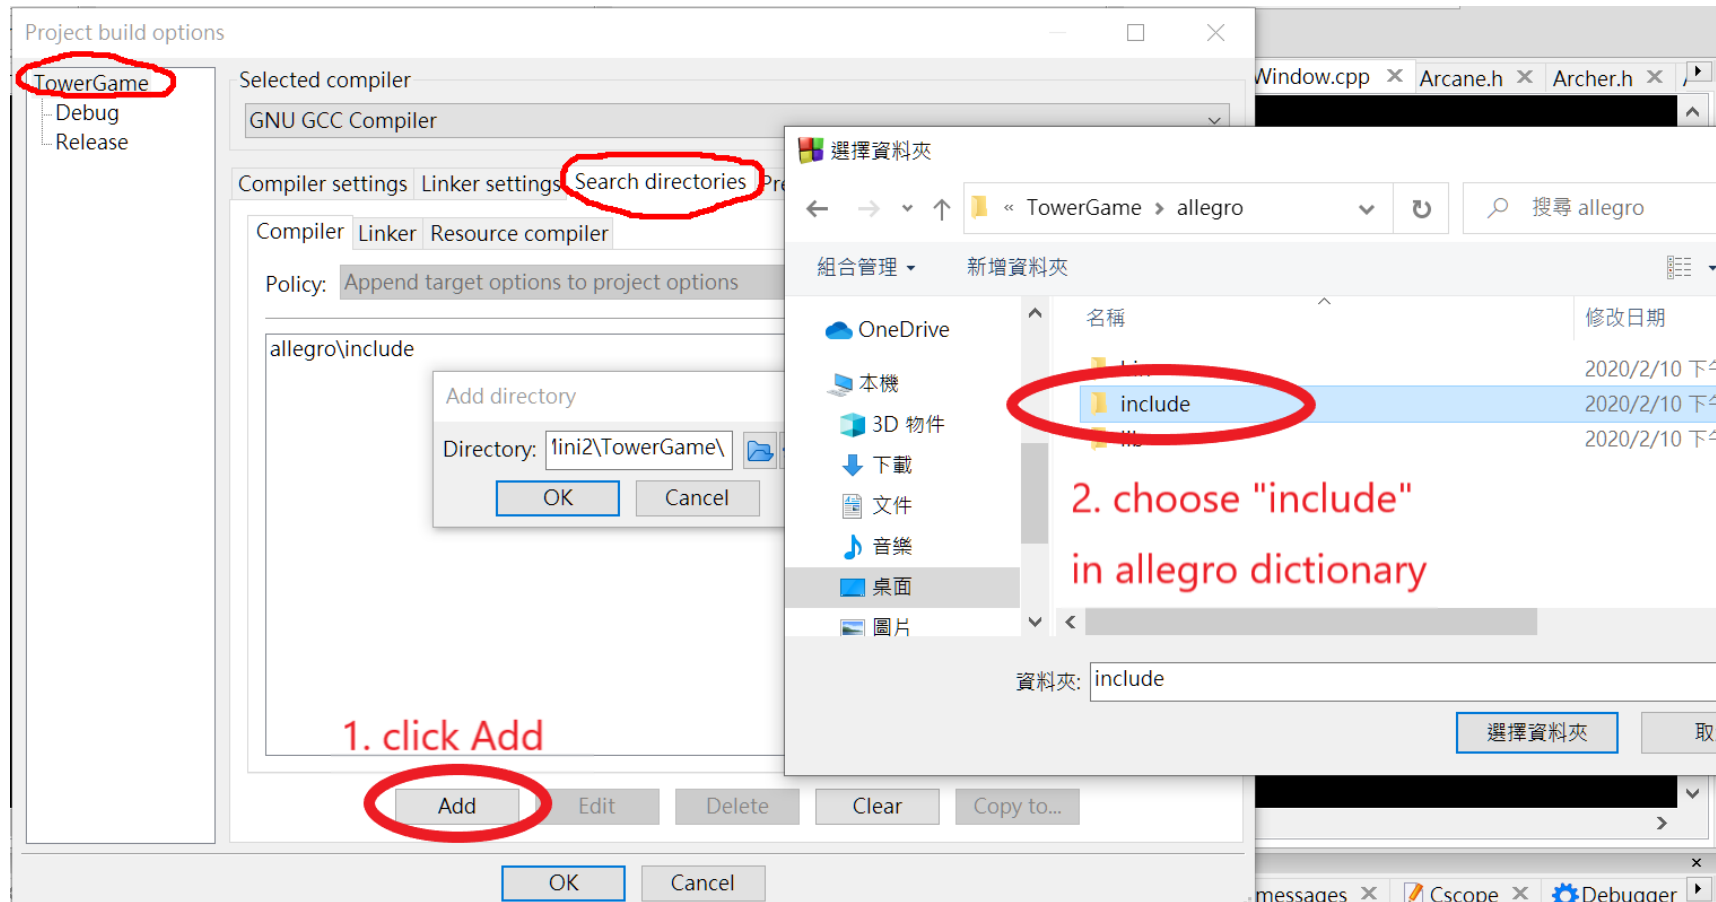

Allegro install

- Right click your project, and select build options

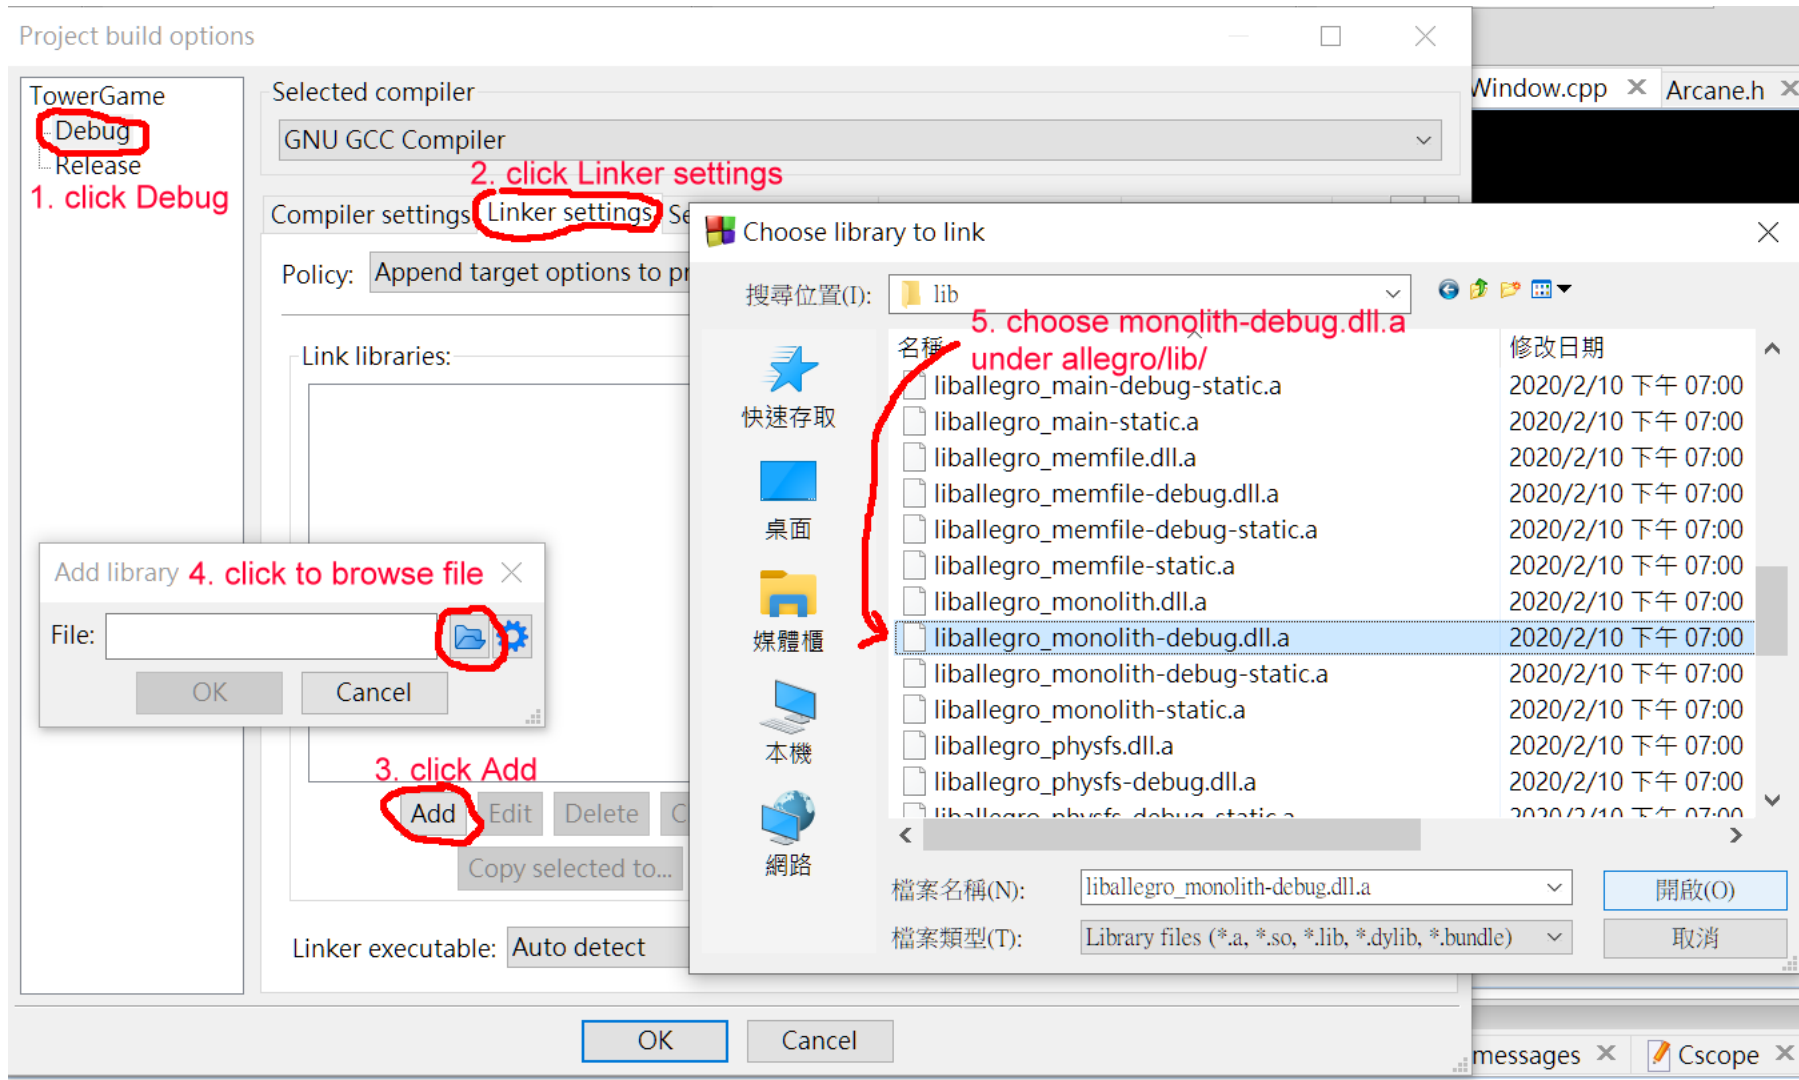

Allegro install

- Click TowerGame and click search directories.

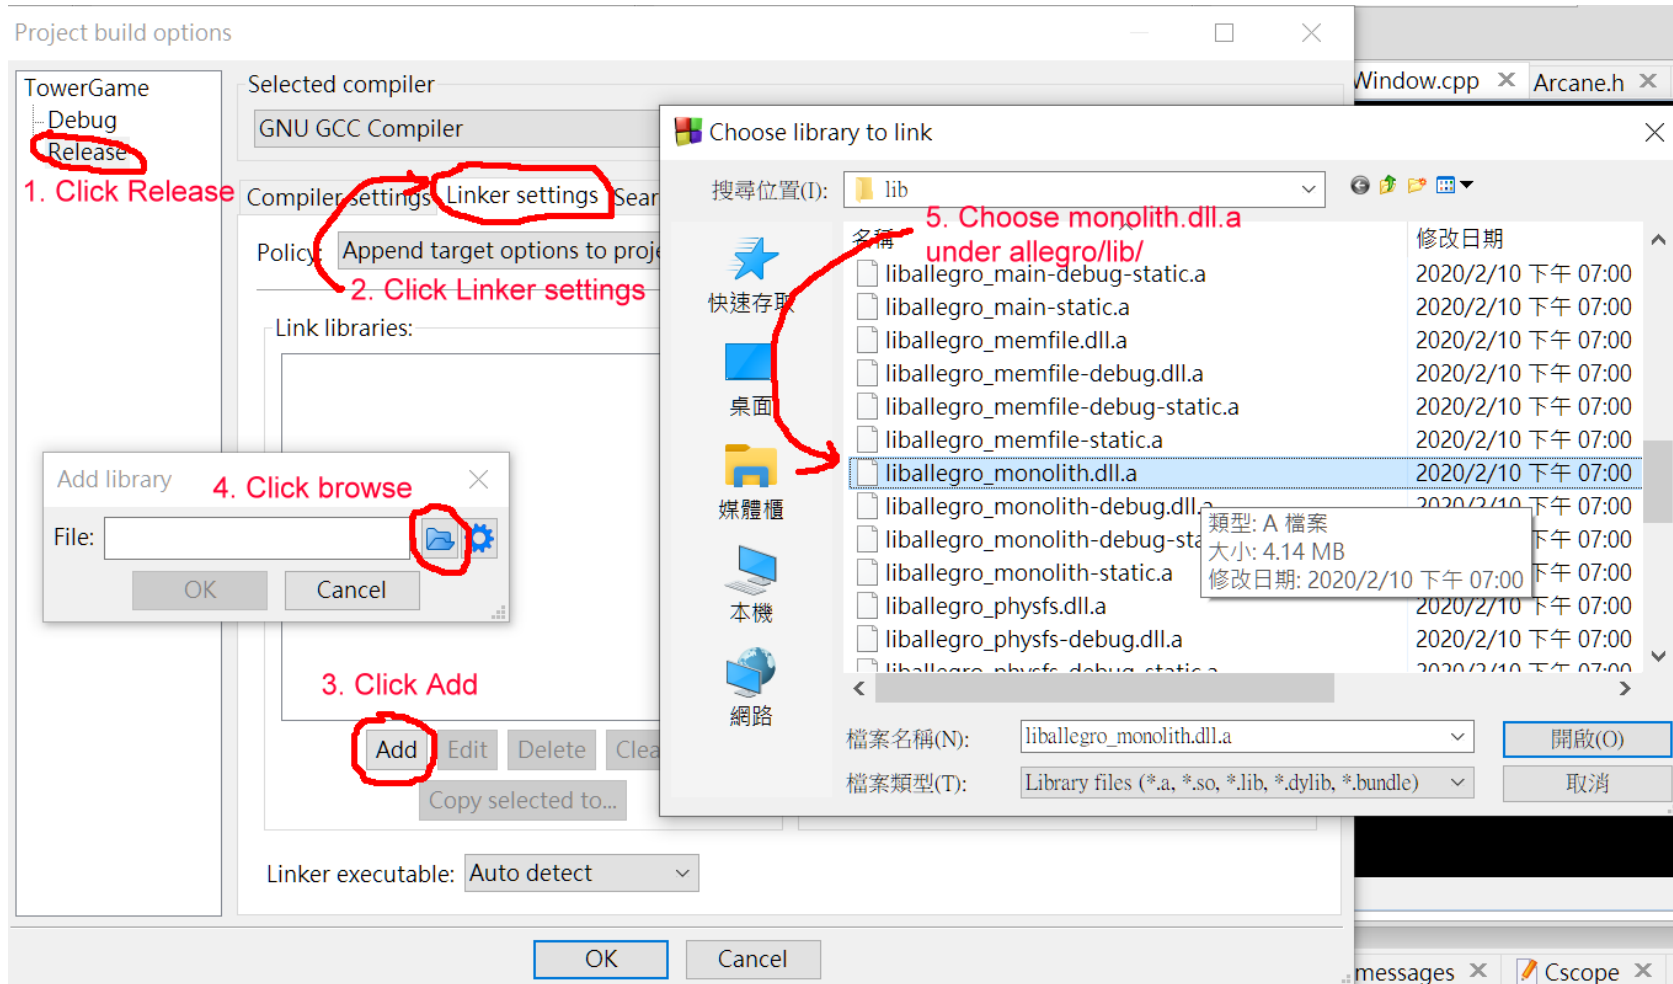

Allegro install

- Click Debug -> Linker settings

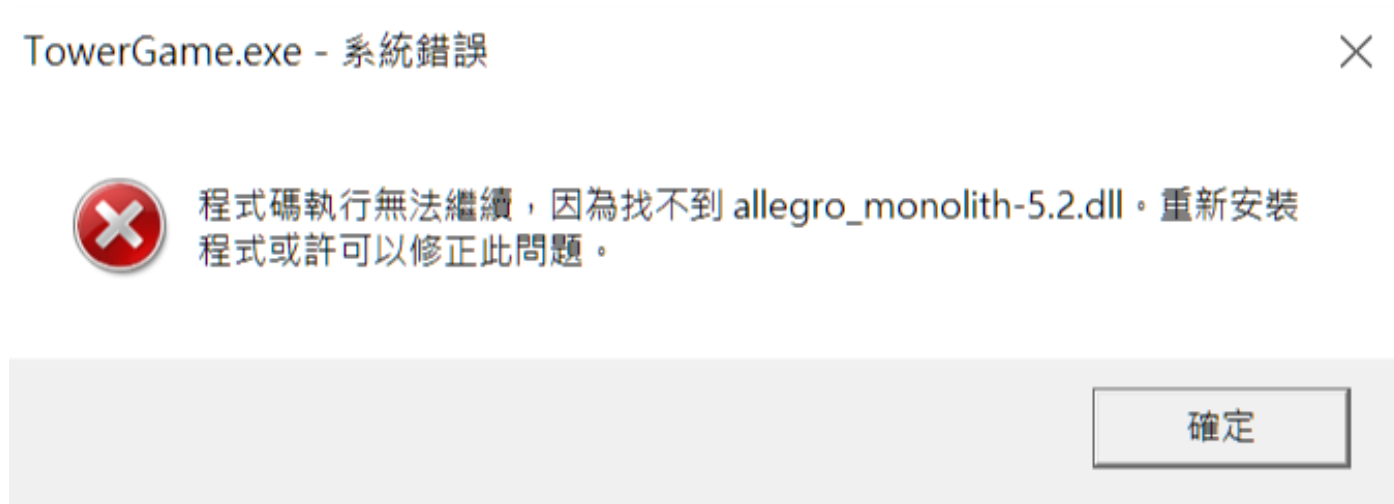

Allegro install

- Click Release -> Linker settings

Common issue

- Can't find .dll

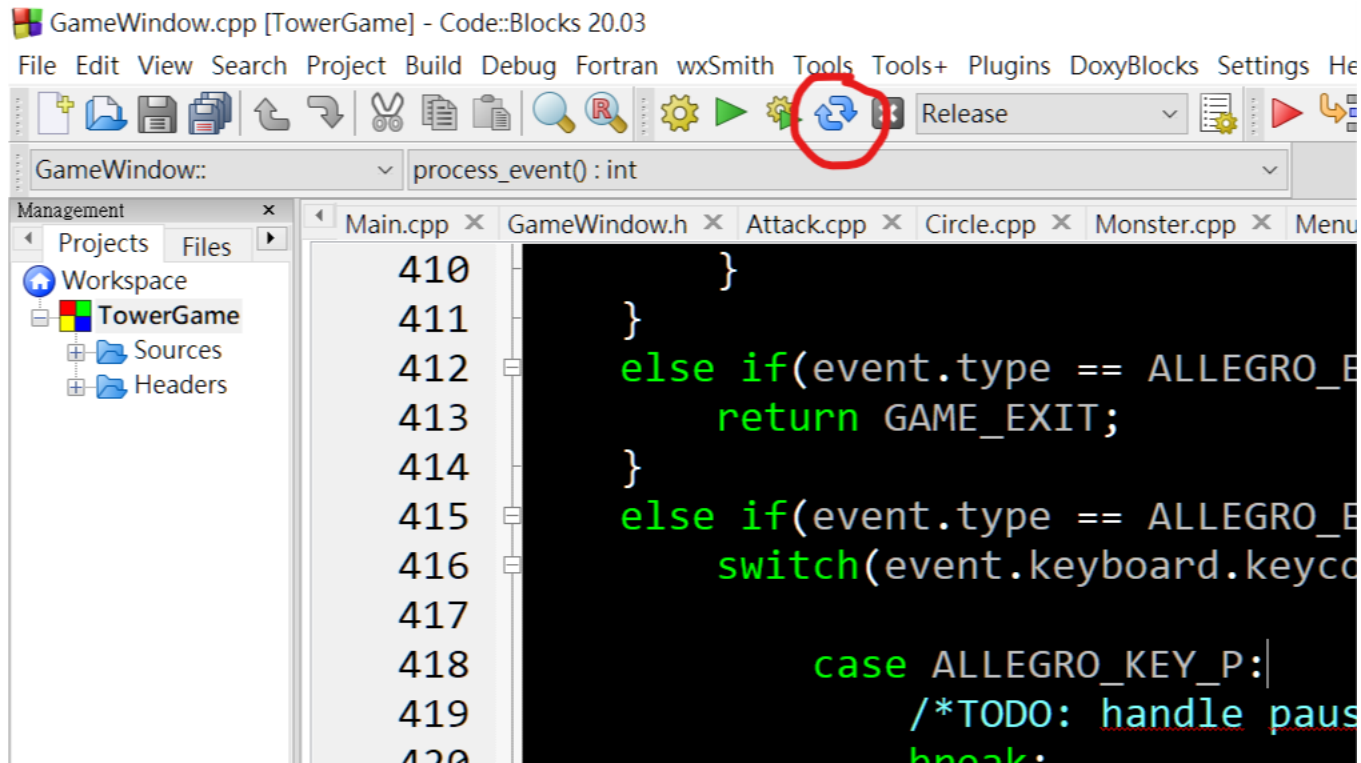

Common issue

- Can't find .dll
- Move the two file under allegro/bin/ into the dictionary same as your .cbp project

Mini2 > TowerGame > allegro > bin

allegro_monolith-debug-5.2.dll	2020/2/10	

Common issue

- Circle::overlap undefined.....
- Rebuild the project

A whimsical space-themed illustration featuring a teal rocket ship with a square window and a small flag, an orange planet with rings and three dots, and two yellow stars. The background is decorated with various colored circles and shapes in shades of orange, yellow, teal, and maroon.

The End~
